

## Water Management and Distribution Initiatives in the local Community

RO water filter installed in a nearby local school Shoolini University's thoughtful and charitable gesture of donating an RO water filter to a nearby school demonstrates its commitment to the well-being of the community. By providing clean and safe drinking water to the children at the neighboring school, Shoolini University has not only addressed a fundamental necessity but also made a significant contribution to the health and education of these young minds. Access to clean water is a fundamental right, and this act of kindness reflects the university's

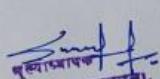

social responsibility and its dedication to creating a better and healthier environment for all. It's heartening to witness the positive impact such actions can have on the lives of the children and the community.

Dated  
2nd October 2022.

Dear Ms. Poonam Nanda,

We are very thankful to you and your students of Shoolini University, who gave us water purifier to our students of G.P.S. Mantheli. We are providing now pure water to our children and use it very well.

Thanks.

## **Local water stream- Ashwani Khadd cleaning drive with Healing Himalayas**

Regular cleaning campaigns are organized in and around campus as a part of the Swachh Bharat Campaign. On November 20, 2022, a cleaning campaign was organized at the riverside area near Xanadu Café situated at Ashwani Khadd in collaboration with Healing Himalayas. More than 60 volunteers spent several hours cleaning up the stream which has fallen prey to tourism vagaries. The beautiful water body is often littered with plastic and other garbage. The garbage collection was segregated and sent for proper disposal. After the hard work, the students enjoyed some hot lunch served by Xanadu Cafe. The team from Healing Himalayas interacted with the students sensitizing them about the growing menace of plastic.

**Cleanliness Campaign at Ashwani Khad**

## Cleaning of Natural Water Resources

On Shoolini University Foundation Day, volunteers of NSS Shoolini University went to a nearby village to clean the natural water resources. There is a natural water spring near Shoolini University which is used to take water from by many villagers for their daily drinking usage. Shoolini volunteers cleaned the area around the water spring by removing all the plastic material thrown nearby.

Volunteers removed and destroyed weeds around the water resource and planted some herbal and useful trees around the water resource.

## **Empowering Minds: Shoolini University's Water Management Awareness Event in Collaboration with St. Luke's**

An extremely informative event was held to create awareness against the wastage of water by the students of St Luke's. Nukkad Natak on the topic of 'Save the water was enacted in Shoolini University. It is a very relevant issue that our society is facing these days, especially the depletion of groundwater and the throwing of waste in the water bodies of the Himalayan region. A message from

a peer group affects more compared to the guidelines given by the seminars and conferences. We at Shoolini stand with the cause and being an educational institute understand our duty to instill good values and spread awareness against such concerns which will surely be a disaster if not controlled in near times. The students were given refreshments and a campus tour by the volunteers of the university.

## **Cleaning Drive by the School of Biological and Environmental Sciences**

School of Biological and Environmental Sciences has successfully conducted the first phase of 'Swachhta Pakhwada 2022' with a cleanliness drive in Sultanpur village near Shoolini University. With the active participation of more than 35 students along with five faculty members, the cleanliness drive was a grand success. We started our 'Swachhta Abhiyan' by cleaning the surroundings of the

local water source so that the water remains uncontaminated and pure. With the active support of the local people, next, we cleaned the surroundings of the local dispensary, primary school, and post office of Sultanpur. Awareness about the importance of cleanliness and health hygiene was also spread among the local communities and school children. We have also focused on public interaction and surveys. Information was collected regarding the present scenario and problems faced by local communities with respect to cleanliness. We have also interacted with the former Pradhan of this village to seek her views and requirements regarding the cleanliness of the mentioned village.

## **Saving Water and Electricity- activity by the Faculty of Management Sciences**

The morning of 12th April started with a meaningful message of saving water and electricity. All the brilliant minds were made to brainstorm and nurture ideas on different ways of saving electricity and water at the same time. The faculty of management sciences colored the campus by wearing blue and green outfits which influenced every corner of the university. Furthermore, the faculty and students joined hands to print and make creative posters which were drenched in art and driven by humorous undertakings and phrases. It was made sure that this message was spread around the block.

## **Ashwani Khadd Cleaning Drive with Healing Himalayas**

Regular cleaning campaigns are organised in and around campus as a part of Swachh Bharat Campaign. On November 20, 2022, a cleaning campaign was organised at the riverside area near Xanadu Café situated at Ashwani Khadd in collaboration with Healing Himalayas. More than 60 volunteers spent several hours cleaning up the khud which has fallen prey to tourism vagaries. The beautiful water body is often littered with plastic and other

garbage. The garbage collection was segregated and sent for proper disposal. After hard work, the students enjoyed some hot lunch served by Xanadu Cafe. The team from Healing Himalayas interacted with the students sensitizing them about the growing menace of plastic.
